The screenshot shows a Windows terminal window with the title bar "MINGW64/c/Users/usuario/P x + v". The terminal output shows the user cloning a repository from GitHub, navigating to the cloned directory, and checking the status. The status is "On branch main" and "Your branch is up to date with 'origin/main'". The working tree is clean. The terminal window is part of a Windows desktop environment, with the taskbar at the bottom showing the Start button, a search bar, and various application icons. The system clock in the bottom right corner indicates the time is 11:01 a.m. on 2/10/2024.
